COMMISSIONER REPORTS/ TOPICS OF INTEREST –

Commissioner Rice thanked everyone for paying their taxes.

Commissioner Gieger thanked Jay Madden for donating architectural designs to the borough for a shade pergola which will be built by the pickleball courts to provide shade for players. Gieger also mentioned that the borough is applying for grants to pay for the construction of the “shade hut”, Gieger hopes that we will get some grant money to offset the costs of the improvement.

Gieger stated that an additional pickleball court will be constructed where the basketball court currently is. Gieger listed off planned improvements for the park and told the audience that suggestions for the park are welcome. Some of the current planned improvements include; bathroom renovations, a new landscape design, and perhaps even a butterfly garden.

Gieger stated that funds are now available to start work on flooding issues. New bulkheads will be installed on 78th Street and Essex Ave. to eliminate flooding on those streets. Bay Terrace will also be surveyed for elevations by Van Cleef Engineering Firm so they can make recommendations as to how to elevate flooding issues in prone areas of Harvey Cedars.

Mayor Imperiale mentioned that the Sidewalk Survey resulted in approximately 75% of the respondents being in favor. Commissioner Rice stated that he feels that the survey was not valid. Rice stated that the survey was emailed to non-residents, and that it was not clear enough to get a true sense of what the residents of Harvey Cedars want.

Mayor Imperiale announced that there will be a little socialization after the two presentations. Imperiale invited attendees to “socialize a little” post meeting. The mayor again thanked everyone for coming out to this special event.
